

Picture Framing Leads

Tips

We have found that your neighborhood framer often will give you largest discount/best deal.

Please make an effort to contact two or three framers.

If framers have difficulty quoting prices, ask them to quote you the price on just one artwork (and compare quotes of that one work).

An inexpensive and typical artwork to frame is a 16"x22" silkscreen print that needs matting and a simple frame.

If a work is a non-standard size, it is often less expensive to get a larger standard size frame and ask for a custom mat.

If interested in hiring a professional installer for larger works, feel free to contact Thomas Wren at Wren Art Transport.

Located at 252 Chestnut Ave in Boston, he can be reached at 617-522-5044.

Picture framers that helped other agencies with discount framing

Be sure to mention "The Art Connection" when you request a discount.
